

## RFTrack.NET Inventory Module Starter Kits

**Kits include all the components necessary to implement a fixed asset inventory solution including on-site tag analysis services.**

RFTrack.NET Starter Kits include the necessary software, hardware, and services to get your RFID asset tracking system up and running quickly. These kits are ideal for small to medium sized implementations or as pilot systems for larger implementations. Starter kits are available in several different versions (Lite vs. Standard Edition of RFTrack.NET and On-Premise vs. On-Demand licensing) to meet your organizations needs. Currently only the Inventory Module is available in a Starter Kit.

The Starter Kits include a sample pack of RFID tags and an on-site Tag Analysis service to help you evaluate and select the RFID asset tags that will work best with your particular types of assets in your environment.

### Kits Include

- RFTrack.NET Server - Inventory Module
- RFTrack.NET Mobile Edition
- First year software maintenance & support
- Motorola MC9090-G handheld RFID reader
  - Charging cradle, power supply & cables
  - Spare battery and stylus pack
  - Motorola 1 year Bronze Service Plan
- Durable RFID Asset Tag Sample Pack
- On-site Professional Services
  - Software implementation and training
  - Pathfinder Assessment (Tag analysis)

\* Travel, shipping, and taxes not included

### Scanning Options

- Passive RFID (UHF)
- Barcode
- DoD UID 2-D Data Matrix

### Optional Add-Ons

- Pre-installed on a Dell laptop or server
- Additional readers or tags
- RFTrack.NET Monitoring Module
  - Real-time asset monitoring
  - Asset Security
  - Active RFID

### RFID asset inventory benefits

- Lower costs by reducing labor and administration
- Improve accuracy by eliminating reliance on manual input
- Streamline operations by enabling process improvements
- "Closed-loop" asset tracking improves short-term ROI
- Improve asset utilization and visibility

### Selecting Your Starter Kit

In order to determine the starter kit that will best meet your needs, review the following questions:

1. How many assets do you plan to track initially for your project?

Consider a Standard Edition starter kit if you are plan to track more than 1,000 assets initially. Asset add-on licenses are available to support additional assets if necessary

2. What features do you require?

Review the Edition Comparison chart to determine which features you will require. This will help you decide between the Lite or Standard Edition of RFTrack.NET

3. Do you want to install RFTrack.NET on your server(s) or use a hosted version ?

**On-Premise** a perpetual software license that you own and install on your server

**On-Demand** a software subscription that is provided on hosted servers

### RFTrack.NET Inventory Module Edition Comparison

Edition Features	Lite Edition	Standard Edition
Supported Assets (add-on licenses available)	2,000	5,000
Supported Users	Unlimited	Unlimited
Operating System Support Windows 2000/XP/2003/Vista	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Database Support MS SQL Server (Express/Workgroup/Standard/Enterprise)	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Custom Fields	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Supports RFID Tags	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Supports Barcode Tags	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Supports DoD UID Tags		<input checked="" type="checkbox"/>
Import Maps/Floor Plans		<input checked="" type="checkbox"/>
Customize Field Labels		<input checked="" type="checkbox"/>
Security/User Authentication	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Feature Level Permissions		<input checked="" type="checkbox"/>
Analytics - Audit Metrics		<input checked="" type="checkbox"/>
Asset Import Service		<input checked="" type="checkbox"/>
Audit Export Process		<input checked="" type="checkbox"/>

### Starter Kit Comparison

Starter Kit Features	Lite Edition On-Premise	Lite Edition On-Demand	Standard Edition On-Premise	Standard Edition On-Demand
Supported Assets (add-on licenses available)	2,000	2,000	5,000	5,000
Supported Users	Unlimited	Unlimited	Unlimited	Unlimited
Supported Handhelds (add-on licenses available)	1	1	1	1
Motorola MC9090 RFID Handheld with accessories	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Sample RFID Tags	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
On-site Professional Services *	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Installed Software on your server (On-Premise)	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	
Hosted Software (On-Demand)		<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>
